To

The President,
Sanitary Board,
Kolar Gold Fields.

SIR

With reference to your letter No.59 of 26-27 dated the 4/9th March 1927 proposing that the estimate sanctioned by Government for effecting certain additions and alterations to the Maternity Hospital Robertsonpet on the Kolar Gold Fields be got revised on the lines suggested, I have the honour to inform you that sanction to the estimate for the work in question was obtained in consultation and concurrence of yours and that of the Senior Surgeon to the proposals. If any change at this stage is considered necessary, you may obtain orders of Government in the General Department in the ...

2. It may be stated in this connection that the proposal that sanctioned work be suspended temporarily is in controvention to instructions contained in G.O.No.G.4623-77/G.H.97-25-1 dated the 22nd December 1925 on the subject (copy enclosed for reference). The tenders for the work have also been accepted about seven weeks ago and stopping the work at this stage may lead to the contractor claiming compensation. I am therefore of opinion that any modifications at this stage is not desira-

SIR

In continuation of this office memo No.9360 dated the 31st March 1927 in the matter of effecting certain improvements in and - additions to the Maternity Hospital at Robertsonpet, Kolar Gold --- Fields, I have the honour to forward herewith, for information and orders, a copy of letter No.292 dated the 19th April 1927, received from the Executive Engineer, Kolar Division on the subject. In -- this connection it may be mentioned that the estimate for the work was got sanctioned by Government after obtaining the countersignature of the Senior Surgeon and the President of the Sanitary Board to the proposals. Tender for the work has also been accepted. At this - advanced stage it is not desirable to effect alterations lest the -- contractor whose tender has been accepted may claim compensation for stoppage of work. So orders may be issued to the President to place at the disposal of the Public Works Department the quota of the Board for the work-

SIR

With rererence to your letter No.G.11532/Med. dated the 30t April 1927, re the mode of addressing communications to Government, I have the honour to state in the case under reference a copy of the let addressed to the President, Sanitary Board, Kolar Gold Fields, was sen to you merely for information. This procedure of sending copies of letters addressed to other officers to the Secretariat concerned in Me form is being adopted from a long time and objection has not been take on any occasion to such a procedure. Communications requiring orders of Government are always addressed to the Secretaries concerned in letter form. When copies of orders issued to other officers are required to be sent to the Secretaries to Government, merely for information, what other form than the Memo form is to be used may kindly be intimated and whether it is necessary in such cases to issue a separat letter to the Secretaries concerned forwarding copies of the orders issued to the other officers.

It is also believed that the rule referred to by you was slackened when orders were issued by Government in the matter of econo mising the use of stationery and forms.

2. Under these circumstances, I request you to be so good as

to obtain and communicate the orders of Government in the matter.

I have the honour to be,

S i r.

Your most obedient servant,

28-5-27

Chief Engineer of Mysore.

HRR/27th.

Letter No.468 dated the 6/7th July 1927, from the Executive Engineer, Kolar Division, to the Chief Engineer of Mysore, Bangalore

---

With reference to your No.12180 dated the 18th ultimo forwarding a copy of letter No.G.12513/Med. dated 28-5-27, addressed to you regarding revision of the estimates sanctioned for Rs.11,070 for improving the Maternity Hospital at Robertsonpet, Kolar Gold Fields, I have the honor to state, that the Sanitary Board require the construction of an isolated Septic Ward and also elaborate improvements to be effected to the existing operation theatre for which no provision is made in the present estimate. In this connection, I invite your kind reference to letter No.59/26-27 dated 18-3-27, addressed to you by the President of the Board on the subject. It may therefore be seen, that the present estimate does not fulfill their requirements completely. The Senior Surgeon who approved of the present estimate may also be kindly consulted in the matter. Secondly, the Sanitary Board plead their inability to finance the scheme even in respect of their share of cost on grounds of decreasing revenue but require that an elaborate estimate may be sanctioned and worked out of the contribution Rs.16,000/- promised by the Co-operative Society, any excess over the amount, being met out of State Funds. This point was clearly put forth in the letter addressed to the Public Works Secretary by the President in his No.C.59/26-27, dated 7-3-27, a copy of which was also communicated to me.

Owing to these objections raised by the Board, the work as now sanctioned could not be started till now.

The contractor whose tender was accepted so far back as in February last will naturally put forth claims for compensation on the score that he had to advance for labour and materials in view of pushing through the work immediately he was apprised of the approval of his tender. His earnest money of Rs.250/- recovered on 13-12-26 is still in the hands of this Department and carries no interest. He may not ask for its refund possibly with a view to keep a hold on the Government for claiming compensation later on.

I solicit that final orders of Government be obtained and communicated to me very early for my guidance.

==========

Letter No.59/26-27 dated the 17/18th March 1927, from the President, Sanitary Board, Kolar Gold Field, to the Chief Engineer of Mysore, Bangalore.

With reference to the estimates sanctioned by Government for Rs.11,070/- for effecting certain additions and improvementsto the Maternity Hospital at Robertsonpet communicated in Memo No.163/1238 of the 29th October 1926, I have the honour to state that the Deputy Commissioner-President, Dr.Stokes, Chief Medical and Sanitary Officer K.G.F. the Vice President K.G.F. Sanitary Board inspected the Maternity Hospital on 10-3-1927 in company with Mr.Steele, the Executive Engineer, Kolar Division, and were of opinion that the proposed improvements and additions according to the present sanctioned estimate and plan, did not meet the present wants and requirements of the said Hospital.

The addition of an isolated septic ward, and the enlargement and improvement of the existing operation theatre is an obsolute necessity, to the said Hospital. Mr.Steele has been requested to prepare the necessary plans.

57

I therefore request you will be so good as to keep in abeyance the execution of the work according to the present sanctioned estimate and plan for the present until the matter is finally settled by the Sanitary Board and you hear again the decision of the Board.

I further request that tenders called for for the work may be kept in abeyance for the present and until the matter is finally decid

==========

Letter No.59/26-27 dated the 4/7th March 1927, from the President, Sanitary Board, Kolar Gold Field, to the Secretary to Government, Public Works Department, Bangalore.

With reference to correspondence ending with your Memo No.R & B.163/2238 dated the 29th October 1926, requesting to place at the disposal of the Executive Engineer, Kolar Division, the moiety of cost, viz., Rs.5,535/- payable by the Sanitary Board for effecting certain additions and alterations to the Maternity Hospital at Robertsonpet, I have the honour to enclose herein a copy of resolution No.14 dated the 18th February 1927 in the matter.

It is learnt that the Co-operative Society of the Mysore Mines have contributed a sum of Rs.16,000/- towards the Maternity Hospital and it is the desire of the Board that this amount should be spent towards the improvements and additions of the said Hospital according to the original plan and scheme costing Rs.15,880/- which was proposed on ~~18-~~ 19-6-1919 by the Sub Committee consisting of Dr.O'Donnell, Chief Medical Officer, Dr.Muthaswami Doss and Dr.J.V.Mascarenhas, Medical Officer of Health and which was then dropped for want of funds. The original scheme is a more comprehensive one than the present one costing Rs.11,070/-.

The original scheme which was prepared as far back as 1919, i.e., 8 years back may require some alterations in rates, etc., on account of lapse of time and if so it may kindly be caused to be revised with the existing rates and conditions if necessary, and the work executed according to the revised scheme. If the latter requires larger amount than Rs.16,000/- the Board propose that the Government be requested to meet it out of the moiety of Rs.5,535/- which the Government have promised to pay towards the scheme.

For reasons explained above and now that the Revenues of the Board have been falling off, I have the honour to request that you will be so good as to obtain the sanction of Government to the proposal of the Board contained in the enclosed resolution and to waive the quota of cost payable by the Sanitary Board.

I also request that sanction may also be obtained for having the improvements and additions to the said Hospital, done according to the original scheme revised according to the existing conditions and rates.

Dear Sir,

With reference to your letter No. 4072 dated the 4th November 1927 asking for permission to start certain works connected with the Improvement of the Maternity Hospital at Robertsonpet, Kolar Gold Fields, I am directed to state as follows:--

It is understood that the works referred to in your letter are the following:--

(a) Providing an out-patient department to the hospital.

(b) Converting the East Verandah into two special wards with lavatories.

(c) Removing the ceiling plaster of the special ward at the west end, and

(d) removing the partition walls in the prescribing rooms and Gyncological Ward to get more space and ventilation.

These works are estimated to cost Rs. 11,070 and half of it has been provided for by Government and the other half is debitable to the Kolar Gold Fields Sanitary Board. The Board, however, plead ~~their~~ inability to pay their contribution on account of limited financial resources. In view of this, it is feared that it will not be possible to go on with the above works

point also, you may consult the Senior Surgeon and favour Government with your opinion at a very early

It may be constructed in continuation of the coridoor at the place marked by me in blue pencil in the plan, with a back verandah in which arrangement may be made for a sterlizing room and a bath room. A fresh plan may be caused to be prepared and sent to me at an early date.
